

Joe Hladnik

Software Engineer

SUMMARY

Creative, detail-oriented, software engineer with a deep interest in AI and Robotic Process Automation. Proven track record of creating and implementing successful front and back-end web applications. Looking to bring my skills to a tech company with global reach.

WORK EXPERIENCE

Software Engineer at 100devs, Remote

January 2022 – Present

- Collaborated with other agency engineers and apprentices to develop new web apps as well as troubleshoot existing programs to develop better functioning applications
- Built semantically structured full stack web applications for implementation on both the agency's as well as external clients' platforms
- Applied agile methodologies like SCRUM for project management

Recent Projects:

DnD Cheatsheet Resource (Full stack Web App) – User can type in the spell that they would like to cast and receives the description of the spell, classes and subclasses that use the spell, and allows the user to dive deeper into the information.

Other Projects: Grayslake Astro Society APOD Web App with NASA API integration, On-demand background color changer for Partnered Twitch and YouTube streamers, and many more currently in the works.

Full Stack Web Developer at Joe Hladnik Web Development | Grayslake, IL

January 2022 – Present

Created full stack web applications and static websites for different clients across small and medium size businesses. Some clients included:

- Virginia Adams – A Legacy of Love: Web application including the provided business services, personal history of the owner, and philosophy of the business practice
- Wall to Wall Build & Design: Web application built to bring more attention to an established construction business

Territory Business Manager IL/WI at American Woodmark | Grayslake, IL

July 2021 – Present

- Managed Illinois and Wisconsin sales for publicly traded company and built territory through scouting, presenting business cases, and onboarding new accounts
- Oversaw 67 accounts' AWSC business growing the value of the territory to a YTD total of \$7M
- Trained employees on design programs to better equip them to sell the AWSC brands

Account Manager at Cabinetworks Group/Masco | Greater Chicago Area

May 2017 – July 2021

- Built and managed territory that accounted for 10% of channel sales by 2021
